## Full Stack Web Developer

### Career Objective

Ambitious software developer specializing in the MERN stack, eager to contribute to innovative projects within Jordan's technology industry. I hold a degree in Mechatronics Engineering from University of Jordan and have 6 months of hands-on experience from an internship at Orange Coding Academy, where I completed 10 projects. My core skills in JavaScript, Node.js, React.js, as demonstrated through both training and academic projects. I am adept at problem-solving and analytical thinking, with a strong grasp of standardization policies and procedures. My interpersonal and communication skills are well-honed through effective team collaboration and leadership roles in various projects. I am seeking a challenging full stack development role where I can leverage my technical expertise, problem-solving abilities, and teamwork skills.

### Technical Skills

**Front-End Technologies:** HTML, CSS (Tailwind, Bootstrap), Java Script, React JS, next JS, Redux.

**Back-End Technologies:** Node JS, Express JS.

**Database:** SQL, MySQL, Mongo DB, PostgreSQL, Firebase, Sequelize

**Content Management System :** odoo

**Operating Systems:** Windows.

**Software Development Practices (SDLC):** Scrum, Agile.

**Tools:** MS Office (Word, Excel, PowerPoint), Git (Version Control Systems), Postman.

### Soft Skills

Learning Agility  
Critical Thinking  
Process Evaluation  
Emotional Intelligence

Strong Interpersonal Skills  
Problem-Solving Ability  
Creativity and Innovation  
Team Collaboration

Time Management  
Effective Communication  
Attention to Detail  
Adaptability

### Experience

#### Coding Academy by Orange

March 2025 - Present

Full Stack Web Development Trainee

#### Work Experiences:

- Enhanced user engagement through UX/UI design.
- Improved soft skills by focusing on communication, time management, teamwork, emotional intelligence, critical thinking, and adaptability.
- Performed daily individual tasks to advance technical skills.

- Collaborated with an IT team on short-term projects, enhancing both teamwork and technical skills to improve front-end and back-end systems.
- Participated in the design and implementation of database management solutions, improving data integrity and performance.

## Projects

### 1) Agriculture and Animals [\[GitHub Repository\]](#)

**Description:** Agriculture and Farms is a website that is concerned with agriculture and its accessories, and on the other hand, it is concerned with animals, vaccines and medicines.

**Role:** Owner

**Tool used:**

- **MERN Stack** (MongoDB, Express.js, React.js, Node.js, Tailwind CSS).
- **Figma, Trello**

### 2) Mishkah [\[GitHub Repository\]](#)

**Description:** Mishkah is a web platform designed to help individuals who have innovative project ideas but lack the necessary funds to execute them. Users can submit their projects, and donors can contribute to support them. Our goal is to bridge the gap between creative minds and generous supporters.

**Tool used:**

- **PERN Stack** (PostgreSQL, Express.js, React.js, Node.js, Tailwind CSS).
- **Figma, Trello**

### 3) Apartment & Studio Ren [\[GitHub Repository\]](#)

**Description:** a platform designed to help users find and rent apartments or studios. Whether you're searching for a new home or an investment opportunity, our website provides an easy-to-use interface with detailed listings and convenient search filters.

Additionally, the website includes an **Admin Dashboard** for property management, allowing administrators to update listings, manage user accounts, and more.

**Role:** Scrum Master.

**Tool used:**

- **Front End Stack** (Firebase, React.js, Redux, Tailwind CSS).
- **Figma, Trello**

### 4) Task Management [\[GitHub Repository\]](#)

**Description:** The Task Management Website is a web-based application designed to help employees efficiently organize their daily tasks within a company. It enhances productivity by providing an intuitive interface for task creation, assignment, tracking, and completion.

**Role:** Product Owner.

**Tool used:**

- **Frontend:** React.js, Tailwind CSS.  
**Backend:** Firebase.
-

## Education

### Coding Academy by Orange, Jordan

June 2025 - Present

- Intensive course in Full-Stack Web Development in collaboration with Simplon.co and Princess Samaya university for Technology (PSUT)

### University of Jordan, Jordan

Sep 2016 – June 2021

Bachelor's Degree in Mechatronics Engineering

---

## Courses and Workshops
